Thanks for the update. I will send the current version on to Regina. The piece Chris thinks we might need to tweak is related to the NA gap issue. However, he is still working on getting OGC to buy off on the approach, so I do not want to hold the U&O FIP up to wait for that to happen.

Okay, I think we are good to go on OAQPS' remaining comments after talking with Bruce today. I saved a new clean version to the Sharepoint and the I drive with today's date, and it can be sent to Regina Chappell. I just talked to Chris Stoneman and he said he talked to you and Carl this morning and that we might need to tweak the U&O FIP a little to accommodate the final Indian country O&G FIP. Should we do that before sending to Regina? What needs to be revised?

Thanks,

Claudia

Just to be sure, should I be making any edits to the Sharepoint version?

Thanks,

Importance: High

Hi Claudia,

Could you please work on incorporating/addressing comments from Bruce, Amy and Gerri? A revised version will need to be sent to Regina Chappell, she was working on formatting/routing for us. Let me know if you need anything from this end.

Thanks,

Dee
